

# Music Matching Game

Print these two pages on cardstock using a color printer. Carefully cut the cards on the dotted lines.

## INSTRUCTIONS

### 2 PLAYERS

Shuffle the cards. Place the cards face-down on a table or the floor, arranging them in four rows, each with five cards. Players take turns turning over two cards. If the music images on the cards don't match, the player replaces the cards, face-down, where they came from, and the next player takes his/her turn. When the music images match, the player keeps the pair of cards, and gets to choose two more cards. The player with the most music cards at the end of the game wins!
